***178.700,- Euro***

## **Foutaine Pajot – Worldleading Catamaran Producer**

For more than 30 years FOUNTAINE PAJOT manufactures cruising catamarans. The French company successfully produced almost 2,000 multihulls from 36' to 70' feet. The management consists of experienced offshore sailors and a network of professional dealers is spread all over the world.

FONTAINE PAJOT catamarans have very good sailing qualities and high safety standards: Every boat is unsinkable through foam in all four corners; the fin keels are built to withstand an underwater collision without damaging the hulls. Easy beaching of all models is another unique feature of these catamarans.

## **BELIZE 43 „Cinderella“ – Perfect for Cruising!**

The BELIZE 43 “Cinderella” is a perfectly designed yacht; almost 200 happy owners decided to own this type of catamaran.

The BELIZE 43 is very comfortable and easy to handle for a small crew. She has good sailing qualities and the solid rig with a full batten main sail is built for all conditions.

In warmer climate the white hulls stay comfortably cool. A good sun protection is provided by the permanent bimini which totally covers the huge cockpit area. Even in the tropics living on board a BELIZE 43 is comfortable due to the good overall ventilation.

The cabins are very large und there is a functional galley up for the chef with a panoramic outside view.

3,5 tons of loading capacity and very well insulated refrigerators are perfect for extended cruising in exotic areas.

The boat was used solely by the very experienced owner couple and never chartered. The yacht is in a perfect condition and exceptionally well maintained.

CINDERELLA lies presently in Marmaris Yacht Marina (Turkey) and can be handed over at any time. A worldwide delivery through the present owners can be arranged.
